Data Release, version 2.0.0

Panel waves 0-3 (2016-2019)

Codebook Wave 3

Citation of data release:

TREE (2023). Transitions from Education to Employment, Cohort 2 (TREE2), panel waves 0-3 (2016-2019) (2.0.0) [Dataset]. University of Bern. Distributed by FORS data service. doi.org/10.48573/kz0d-8p12

Introduction

Our codebooks are organised around “concepts”. By a concept, we mean a set of variables or items that are grouped together due to theoretical, thematic, or technical reasons. Concepts can contain a single variable¹. For example, a concept may be a dimension of a psychological scale (e.g. extraversion from the Big five personality traits, which is measured by two items), a click-all-that-apply question (which is stored in the data as a set of binary variables), a single survey item such as mother’s occupational status, or a more technical variable such as the respondent’s ID or a sampling weight. Typically, each codebook table covers a single concept. However, if items within a single concept have different response domains, the concept will be split into several tables to properly display all response categories / values. The order of codebook tables generally follows the order of variables in the corresponding dataset.

In addition to the title of the concept, each codebook page contains a selection of the following elements:

Variable type:	<p>The origin or nature of information.</p> <ul style="list-style-type: none"> – Survey data (Surv): responses to survey items – Constructed (Cons): variables obtained by the transformation of survey items, or information from other data sources – Technical (Tech): identifiers and other utility variables – Para data (Para): variables describing the survey process and response status – Sample data (Samp): information related to the sampling frame
Survey part:	<p>The part of the study to which a concept or variable is related.</p> <p><i>Baseline Survey(T0):</i></p> <ul style="list-style-type: none"> – AES: Assessment of the Achievement of Basic Educational Competences 2016 (baseline survey) – T0x: AES Extension Survey 2016 (extension to baseline survey) <p><i>TREE follow-up panel waves (T1ff):</i></p> <ul style="list-style-type: none"> – Base (BQ): TREE Base Questionnaire, first part of panel wave questionnaire – Complementary (CQ): TREE Complementary Questionnaire, second part of panel wave questionnaire
Survey modes:	<p>The survey mode(s) in which an items was fielded.</p> <ul style="list-style-type: none"> – CASI: computer-assisted self-interview in administered test sessions (classroom) – CATI: computer-assisted telephone interview – Web: self-administered online questionnaire – PP: self-administered paper-and-pencil questionnaire
Response type:	<p>The data type of responses.</p> <ul style="list-style-type: none"> – Binary: discrete response (0/1) – Categorical: (unordered) categorical response – Ordinal: ordered categorical response – Numerical: continuous response – Date: information stored in date format (ISO 8601) – String: open text – Code list: data coded according to a predefined standard classification – Identifier: identification code
Question type:	<p>The type of survey question.</p> <ul style="list-style-type: none"> – Single question: stand-alone item / single item (single variable) – Grid question: question with a grouped set of items (e.g., an item battery) – CATA question: click/check-all-that-apply question (stored as a set of binary variables)
Module:	<p>The questionnaire module(s) to which an item belongs.</p> <p><i>Baseline Survey(T0):</i></p> <ul style="list-style-type: none"> – AES Version B: item in the AES questionnaire version B (“background”) – AES Version M: item in the AES questionnaire version M (“mathematics”) – AES Version B/M: item in both AES questionnaire versions

¹We treat variables and items as synonyms although there is a conceptual difference in the sense that variables are unique, but items may be repeated. For example, the same item may be administered in different panel waves, but each of these instances of the item is a distinct variable.

TREE follow-up panel waves (T1ff):

- EDUC (Education): base questionnaire module on past and present education and training episodes; complementary questionnaire module on the main current education episode
- EDSC (School): base questionnaire sub-module on past and present schools related to an education and training episode; complementary questionnaire sub-module on the main current school sub-episode of the main current education and training episode
- EDFI (Training firm): base questionnaire sub-module on past and present training firms related to an education and training episode; complementary questionnaire sub-module on the main current training firm sub-episode of the main current education and training episode
- INT (Internship): base questionnaire module on past and present internship episodes
- JOB (Job): base questionnaire module on past and present job episodes
- JOBINT (Job/Internship): complementary questionnaire module on the main current job or internship episode
- OTHER (Other activities): base questionnaire module on past and present unemployment and other types of episodes (e.g., job/internship searches, holidays, military service, childcare)
- GEN (General): base questionnaire module containing items not related to a specific episode/activity; general items
- PERS (Personal): complementary questionnaire module containing items not related to a specific episode; generic module included in all complementary questionnaire types

Question:	The wording of the question (English translation and survey languages).
Instruction:	Instructions given to the respondent or interviewer (English translation and survey languages).
Variables:	The items or variables included in the concept with their wording (English translation and survey languages).
Values:	The response values and their labels (English translation and survey languages for survey items, English description for other variables) or a description of the response domain (e.g. "Identifier" or "International Standard Classification of Occupations (ISCO-08)").
Source:	References to relevant literature / sources or to other surveys with similar measurements.
Comments:	Notes on measurement concepts and variables, including notes on modifications of items/measures across panel waves.
Dataset:	The dataset type(s) in which the concept or variable is included. <ul style="list-style-type: none"> – Wave (W): in one or several wave datasets (current information at the time of the interview). – Episodes (E): in the episodes dataset (all episodes, including all retrospective or stable first-wave information).
Waves:	The panel wave(s) in which a concept or variable was administered. The clickable wave information provides a link to the codebook entries of specific waves for that item(s).

All variables share a common set of [default missing codes](#), a table of which can be found at the end of this document. Symbol [\[+\]](#) in the codebook tables links to the table of missing codes.

Index

resp_id	TREE2 respondent ID	15
t3sampleinit	In wave-specific initial sample	15
t3bqvalids	Survey participation: base questionnaire (BQ)	15
t3bqdate	Survey date of base questionnaire (BQ)	16
t3bqmode	Survey mode of base questionnaire (BQ)	16
t3bqsurveylang	Survey language of base questionnaire (BQ)	16
t3cqtype_assigned	Type of complementary questionnaire (CQ) assigned in the CATI-interview	17
t3cqdatasource	Source of complementary (CQ) data	17
t3cqvalids	Survey participation: complementary questionnaire (CQ)	18
t3cqdate	Survey date of complementary questionnaire (CQ)	18
t3cqmode	Survey mode of complementary questionnaire (CQ)	18
t3cqsurveylang	Survey language of complementary questionnaire (CQ)	19
t3cqdevice	Device used to fill out the questionnaire (CQ)	19
t3cqreflast_month	Reference date (month) for variables clev2/3/6 (CQ)	20
t3cqreflast_year	Reference date (year) for variables clev2/3/6 (CQ)	20
t3cq_valid_data	Valid response complementary questionnaire (CQ)	21
t3cq_educ_valid	Valid response education module complementary questionnaire (CQ)	21
t3cq_school_valid	Valid response school module complementary questionnaire (CQ)	21
t3cq_firm_valid	Valid response training firm module complementary questionnaire (CQ)	22
t3cq_job_valid	Valid response job module complementary questionnaire (CQ)	22
t3cq_prac_valid	Valid response internship module complementary questionnaire (CQ)	22
t3cq_pers_valid	Valid response personal module complementary questionnaire (CQ)	23
t3cqass_pregraduation	CQ Assignment Pre-Graduation-Year	23
t3rs_split	Sample split: timing of reading speed test administration	23
t3rs_graduationyear	Graduation year flag (used for reading speed test administration)	24
t3rs_assigned	Reading speed test assignment	24
t3birthdat_m	Birthdate	25
t3birthdat_y	Birthdate	26
t3sex	Gender	26
t3civil*	Civil status	27
t3civil_epinr_1	Civil status spell identification number	27
t3civilm_begin_1	Start date of civil status	28
t3civily_begin_1	Start date of civil status	28
t3civilm_end_1	End date of civil status	29
t3civily_end_1	End date of civil status	30
t3civilendreas_1	Type of end of marriage	30
t3nat_epinr_*	ID number of citizenship episode	31
t3nat_*	Country of citizenship	31
t3natgeb_*	Citizenship since birth	32
t3naty_begin_*	Beginning of citizenship	32
t3naty_end_*	End of citizenship	33
t3resistat	Type of residence permit	33
t3resistaty	Beginning of residence permit	34
t3resistat_bef	Type of residence permit prior to Swiss citizenship	34
t3resistat_befy	Beginning of residence permit prior to Swiss citizenship	35
t3childyn	Children / parenthood	35
t3childnb	Number of children	36
t3satlife	General life satisfaction	37
t3sat*	Satisfaction with life domains	38
t3educ_yes	In education (according to ISCED 2011 classification)	39
t3lms_ilo_comp	Labour market status (ILO definition)	39
t3neet_yes	NEET (Not in Employment, Education or Training)	39
t3educ_epinr_*	ID number of education episode	40

t3f_educ_epinr_*	ID number of corresponding principal education episode	40
t3educ_typ_*	Type of education episode: principal or attached education episode	40
t3edum_begin_*	Start date of education	41
t3eduy_begin_*	Start date of education	41
t3educ_class_*	Type of educational programme	42
t3edo1ac_*	Training profession / field of study	46
t3educ_isced11_*	Level of educational programme (ISCED 2011)	47
t3educ_iscedfield13_*	Field of educational programme (ISCED-F-2013)	48
t3educ_sbn_*	Type of educational programme (5-digit-code SSCO 2000)	48
t3educ_isco19ch_*	Type of educational programme (CH-ISCO-19)	49
t3educ_isco08_*	Type of educational programme (ISCO-08)	49
t3educ_spez_*	Specialisation/option of educational programme (if option exists)	50
t3edum_spez_*	Start date in specialisation/option of educational programme	51
t3eduy_spez_*	Start date in specialisation/option of educational programme	51
t3educ_profile_*	Profile of educational programme (if profile exists)	52
t3edum_profile_*	Start date in VET profile of educational programme	53
t3eduy_profile_*	Start date in VET profile of educational programme	53
t3vmat_*	Federal vocational baccalaureate 1 (FVB 1), FVB alongside VET / integrated	54
t3sateduc_*	Satisfaction with education and training	55
t3syea_*	Year of study/training	56
t3syrep_*	Repetition of a year of educational programme	56
t3edendexp_*	Expected final year of the educational program	57
t3edsuccexp_*	Perceived probability of successful completion of educational programme	58
t3edhself_*	Hours per week spent on self-study	59
t3edhtotal_*	Hours per week spent in total on this educational programme	60
t3duranotreg_*	Expected deviation from regular education duration	60
t3edfit*	Perceived fit of education	61
t3edfit_fs	Perceived fit of education	61
t3posatt1	Positive attitude towards school	62
t3edskill*	Training requirements [educ.]	63
t3edskilla_comp	Training requirements: social skills	64
t3edskillb_comp	Training requirements: literacy	64
t3edskillc_comp	Training requirements: manual skills	64
t3edskilld_comp	Training requirements: problem solving	65
t3edskille_comp	Training requirements: numeracy	65
t3edeff*	Effort [educ.]	66
t3edeff_fs	Effort [educ.]	66
t3grad*	Marks / assessment	67
t3edquit*	Intention to quit [educ.]	68
t3edquit_comp	Intention to quit [educ.]	68
t3edabse	Absenteeism [educ.]	69
t3edtruancy2	Truancy [educ.]	69
t3edtruancy3	Delay [educ.]	70
t3edtruancy_comp	Truancy [educ.]	70
t3school_epinr_*	ID number of school episode	71
t3school_educ_epinr_*	ID number of corresponding principal education episode	71
t3scm_begin_*	Start date at school	72
t3scy_begin_*	Start date at school	72
t3sc_cod_*	School code (BER encrypted)	73
t3sc_langreg_*	Language region FSO [municipality of school]	73
t3sc_canton_*	Canton [municipality of school]	74
t3sc_lmlargeareas_*	Larger labour market area FSO [municipality of school]	75
t3sc_agglosize_*	Size of agglomeration FSO [municipality of school]	76
t3sc_urbanetype_*	Area with urban character FSO [municipality of school]	76
t3sc_urbanrural_*	Urban/rural area FSO [municipality of school]	77

t3sc_mountreg_*	Mountainous region FSO [municipality of school]	77
t3sc_degurba_*	Degree of urbanisation FSO/Eurostat [municipality of school]	78
t3sc_municipitype25t_*	Typology of municipality FSO (25 types) [municipality of school]	79
t3sc_municipitype9t_*	Typology of municipality FSO (9 types) [municipality of school]	80
t3scprh_*	Hours per week at school	80
t3satschool_*	Satisfaction with classes at school	81
t3scvar_*	Variety of tasks [educ.]	82
t3scvar_fs	Variety of tasks [educ.]	82
t3scsca_*	Scope of action [educ.]	83
t3scsca_fs	Scope of action [educ.]	83
t3scove_*	Strain [educ.]	84
t3scove_fs	Strain [educ.]	84
t3scovpr_comp	Strain: Time pressure [educ.]	85
t3scovex_comp	Strain: Excessive demands [educ.]	85
t3scsoc_*	Social support [educ.]	86
t3scsoc_comp	Social support [educ.]	86
t3firm_epinr_*	ID number of training firm episode	87
t3firm_educ_epinr_*	ID number of corresponding principal education episode	87
t3f_firm_epinr_*	ID number of corresponding contractual VET training firm episode	87
t3fibu_typ_*	Type of training firm episode	88
t3fim_begin_*	Start date at firm / of contract	89
t3fiy_begin_*	Start date at firm / of contract	89
t3ficobur_*	Firm code of training firm (BER encrypted)	90
t3ficobur_noga_branch_*	Economic branch, national classification, aggregate [training firm]	90
t3ficobur_noga_branch_a_*	Economic branch, national classification, aggregate label [training firm]	91
t3ficobur_noga_*	Economic branch, national classification, detailed [training firm]	91
t3ficobur_lang_*	Firm language [training firm]	91
t3ficobur_legalform_*	Legal form of company/firm [training firm]	92
t3ficobur_headcount_*	Number of employees [training firm]	93
t3ficobur_fulltime_equi_*	Number of employees: full-time equivalent [training firm]	94
t3ficobur_langreg_*	Language region FSO [municipality of training firm]	94

resp_id — TREE2 respondent ID

Variable type:	Technical	Survey part:	–
Response type:	Identifier	Survey modes:	–
Variable:	resp_id		
Values: [+]	Identifier		
Source:	TREE	In dataset:	Wave, Episodes, Weights
Comments:	–	In wave:	0 , 1 , 2 , 3

t3sampleinit — In wave-specific initial sample

Variable type:	Sample data	Survey part:	Base (BQ)
Response type:	Binary	Survey modes:	–
Variable:	t3sampleinit		
Values: [+]			
0	No		
1	Yes		
Source:	TREE	In dataset:	Wave
Comments:	–	In wave:	1 , 2 , 3

t3bqvalids — Survey participation: base questionnaire (BQ)

Variable type:	Para data	Survey part:	Base (BQ)
Response type:	Categorical	Survey modes:	–
Variable:	t3bqvalids		
Values: [+]			
0	No valid response		
1	Valid response		
Source:	TREE	In dataset:	Wave
Comments:	–	In wave:	1 , 2 , 3

t3bqdate — Survey date of base questionnaire (BQ)

Variable type:	Para data	Survey part:	Base (BQ)
Response type:	Date	Survey modes:	–
Variable:	t3bqdate		
Values: [+]	Date		
Source:	TREE	In dataset:	Wave
Comments:	–	In wave:	1 , 2 , 3

t3bqmode — Survey mode of base questionnaire (BQ)

Variable type:	Para data	Survey part:	Base (BQ)
Response type:	Categorical	Survey modes:	–
Variable:	t3bqmode		
Values: [+]			
1	CATI		
2	Paper & Pencil (PP)		
Source:	TREE	In dataset:	Wave
Comments:	–	In wave:	1 , 2 , 3

t3bqsurveylang — Survey language of base questionnaire (BQ)

Variable type:	Para data	Survey part:	Base (BQ)
Response type:	Categorical	Survey modes:	–
Variable:	t3bqsurveylang		
Values: [+]			
1	German		
2	French		
3	Italian		
Source:	TREE	In dataset:	Wave
Comments:	–	In wave:	1 , 2 , 3

t3cqtype_assigned — Type of complementary questionnaire (CQ) assigned in the CATI-interview

Variable type:	Para data	Survey part:	Complementary (CQ)
Response type:	Categorical	Survey modes:	–
Variable:	t3cqtype_assigned		
Values: [+]			
1	Modules: Education, School, Personal (EDUC_PERS)		
2	Modules: Education, School, Firm, Personal (EDUC_FI_PERS)		
3	Modules: Job/Internship, Personal (JOBINT_PERS)		
4	Modules: Education, School, Job/Internship, Personal (EDUC_JOBINT_PERS)		
5	Modules: Personal (PERS)		
Source:	TREE	In dataset:	Wave
Comments:	This variable contains the original assignment to the type of complementary questionnaire (CQ). In individual cases, there may be deviations from the CQ type in the data if individual episodes had to be deleted or moved to another episode type during data preparation.		In wave: 1 , 2 , 3

t3cqdatasource — Source of complementary (CQ) data

Variable type:	Para data	Survey part:	Complementary (CQ)
Response type:	Categorical	Survey modes:	–
Variable:	t3cqdatasource		
Values: [+]			
1	CQ completed (according to criterion)		
2	CQ partly completed / break-off		
3	no CQ, but some CQ questions integrated in BQ		
Source:	TREE	In dataset:	Wave
Comments:	–	In wave:	1 , 2 , 3

t3cqvalids — Survey participation: complementary questionnaire (CQ)

Variable type:	Para data	Survey part:	Complementary (CQ)
Response type:	Categorical	Survey modes:	–
Variable:	t3cqvalids		
Values: [+]			
0	no valid response		
1	valid response		
2	partly completed / break-off		
Source:	TREE	In dataset:	Wave
Comments:	–	In wave:	1 , 2 , 3

t3cqdate — Survey date of complementary questionnaire (CQ)

Variable type:	Para data	Survey part:	Complementary (CQ)
Response type:	Date	Survey modes:	–
Variable:	t3cqdate		
Values: [+]	Date		
Source:	TREE	In dataset:	Wave
Comments:	–	In wave:	1 , 2 , 3

t3cqmode — Survey mode of complementary questionnaire (CQ)

Comments:	–	In wave:	1 , 2 , 3

t3cqdevice — Device used to fill out the questionnaire (CQ)

Variable type:	Survey data				Survey part:	Complementary (CQ)
Response type:	Categorical				Survey modes:	Web
Question type:	Single question				Module:	–
	English	Deutsch	Français	Italiano		
Question:	Which of the following devices are you using to fill out the questionnaire?	Auf welchem Gerät füllen Sie den Fragebogen aus?	Sur quel type d'appareil êtes-vous en train de remplir ce questionnaire ?	Che dispositivo lei utilizza per rispondere al nostro questionario?		
Variable:	t3cqdevice					
Values: [+]						
1	A smartphone	Auf einem Smartphone	Sur un smartphone	Su uno smartphone		
2	A tablet	Auf einem Tablet	Sur une tablette	Su un tablet		
3	A laptop	Auf einem Laptop	Sur un ordinateur portable	Su un computer portatile		
4	A desktop computer	Auf einem Desktop-Computer	Sur un ordinateur de bureau	Su un computer desktop		
Source:	TREE				In dataset:	Wave
Comments:	–				In wave:	1 , 2 , 3

t3cqreflast_month — Reference date (month) for variables clev2/3/6 (CQ)

Variable type:	Para data	Survey part:	Complementary (CQ)
Response type:	Categorical	Survey modes:	–
Variable:	t3cqreflast_month		
Values: [+]			
1	January		
2	February		
3	March		
4	April		
5	May		
6	June		
7	July		
8	August		
9	September		
10	October		
11	November		
12	December		
Source:	TREE	In dataset:	Wave
Comments:	–	In wave:	1 , 2 , 3

t3cqreflast_year — Reference date (year) for variables clev2/3/6 (CQ)

Variable type:	Para data	Survey part:	Complementary (CQ)
Response type:	Numerical	Survey modes:	–
Variable:	t3cqreflast_year		
Values: [+]	Year		
Source:	TREE	In dataset:	Wave
Comments:	–	In wave:	1 , 2 , 3

t3cq_valid_data — Valid response complementary questionnaire (CQ)

Variable type:	Para data	Survey part:	Complementary (CQ)
Response type:	Binary	Survey modes:	–
Variable:	t3cq_valid_data		
Values: [+]

t3birthdat_m — Birthdate

Variable type:	Survey data				Survey part:	Base (BQ)
Response type:	Categorical				Survey modes:	CATI, PP
Question type:	Grid question				Module:	General (GEN)
	English	Deutsch	Français	Italiano		
Question:	To make sure that we know we are talking to the right person, we begin by asking the date of birth: When were you born?	Um sicher zu sein, dass wir mit der richtigen Person reden, fragen wir als erstes das Geburtsdatum: Wann sind Sie geboren?	Afin d'être sûrs de parler avec la bonne personne, nous demandons d'abord la date de naissance: Quelle est votre date de naissance?	Per essere sicuri di parlare con la persona giusta, ci piacerebbe chiederle per prima cosa la sua data di nascita: Qual è la sua data di nascita?		
Instruction:	<i>INT: DO NOT READ OUT LOUD! > If no match or empty: enter the correct date. (The displayed birthdates are not always entirely correct) Problematic are only: > Obvious mix-ups of persons > Those born outside the period 1997–2002</i>	<i>INT: NICHT VORLESEN! > Falls keine Übereinstimmung oder leer: richtiges Datum erfassen. (die eingeblendeten Geburtsdaten stimmen nicht ganz immer) Kritisch sind nur: > offensichtliche Verwechslung von Personen > Jahrgang ausserhalb 1997 - 2002</i>	<i>INT: NE PAS LIRE A HAUTE VOIX! > Si pas de concordance ou vide: saisissez la date correcte (les dates de naissance ne sont pas toujours justes) Les cas critiques sont seulement: > cas évidents de confusion dans la personne > année de naissance en dehors 1997 - 2002</i>	<i>INT: NON LEGGERE AD ALTA VOCE! > Se non corrisponde o vuota: inserire la data corretta (le date di nascita non sono sempre giuste) I casi critici sono unicamente: > casi evidenti di confusione da parte della persona > anno di nascita fuori dal periodo 1997 – 2002</i>

t3satlife — General life satisfaction

Variable type:	Survey data			Survey part:	Base (BQ)
Response type:	Ordinal			Survey modes:	CATI, PP
Question type:	Single question			Module:	General (GEN)
	English	Deutsch	Français	Italiano	
Question:	Now we are interested in your present satisfaction with different areas of your life on a scale from 0 to 10. 0 means that you are completely dissatisfied, 10 means that you are completely satisfied. You may use the numbers in between to scale your assessment. How satisfied are you with your life in general?	Jetzt interessiert uns, wie zufrieden Sie gegenwärtig mit verschiedenen Lebensbereichen sind, auf einer Skala von 0 bis 10. Der Wert 0 bedeutet, dass Sie ganz und gar unzufrieden sind, 10 bedeutet, Sie sind ganz und gar zufrieden. Mit den Zahlen dazwischen können Sie Ihre Einschätzung abstimmen. Wie zufrieden sind Sie ganz allgemein mit Ihrem Leben?	Maintenant, nous aimerions connaître votre satisfaction actuelle dans différents domaines de votre vie sur une échelle de 0 à 10. La valeur 0 signifie "complètement insatisfait-e", la valeur 10 "complètement satisfait-e". Vous pouvez nuancer votre réponse à l'aide des valeurs intermédiaires. Très globalement, dans quelle mesure êtes-vous satisfait/e de votre vie?	Adesso ci piacerebbe conoscere la sua soddisfazione attuale su diversi aspetti della sua vita in una scala che va da 0 a 10, dove 0 significa "pienamente insoddisfatto/a" e 10 "pienamente soddisfatto/a". Con i numeri intermedi può precisare la sua valutazione. <i>In generale, in che misura è soddisfatto/a della sua vita?</i>	
Instruction:	<i>0 means that you are completely dissatisfied, 10 means that you are completely satisfied</i>	<i>Der Wert 0 bedeutet, dass Sie ganz und gar unzufrieden sind, der Wert 10 bedeutet, Sie sind ganz und gar zufrieden</i>	<i>La valeur 0 signifie "complètement insatisfait-e", la valeur 10 "complètement satisfait-e".</i>	<i>Il numero 0 significa "pienamente insoddisfatto/a", il numero 10 "pienamente soddisfatto/a".</i>

t3sateduc_* — Satisfaction with education and training

Variable type:	Survey data			Survey part:	Base (BQ)
Response type:	Ordinal			Survey modes:	CATI, PP
Question type:	Single question			Module:	Education (EDUC)
	English	Deutsch	Français	Italiano	
Question:	Overall, how satisfied are you with this education and training programme on a scale from 0 to 10?	Wie zufrieden sind Sie mit dieser Ausbildung ganz allgemein auf einer Skala von 0 bis 10?	De manière générale, à quel point êtes-vous satisfait avec cette formation sur une échelle de 0 à 10 ?	In generale, in che misura è soddisfatto/a di questa formazione su una scala da 0 a 10?	
Instruction:	0 means that you are completely dissatisfied, 10 means that you are completely satisfied. You may use the numbers in between to scale your assessment.	Der Wert 0 bedeutet, dass Sie ganz und gar unzufrieden sind, 10 bedeutet, Sie sind ganz und gar zufrieden. Mit den Zahlen dazwischen können Sie Ihre Einschätzung abstimfen.	La valeur 0 signifie que vous êtes complètement insatisfait, la valeur 10 que vous êtes complètement satisfait. Vous pouvez nuancer votre réponse à l'aide des valeurs intermédiaires.	Il numero 0 significa "pienamente insoddisfatto/a", il numero 10 "pienamente soddisfatto/a". Con i numeri intermedi può precisare la sua valutazione.	
Variables:	t3sateduc_1, t3sateduc_2, t3sateduc_3, t3sateduc_4				
Values: [+]					
0	0 - completely dissatisfied	0 - ganz und gar unzufrieden	0 - complètement insatisfait-e	0 - pienamente insoddisfatto/a

t3satschool_* — Satisfaction with classes at school

Variable type:	Survey data				Survey part:	Base (BQ)
Response type:	Ordinal				Survey modes:	CATI, PP
Question type:	Single question				Module:	School (EDSC)
	English	Deutsch	Français	Italiano		
Question:	If you consider all the factors relating to classes held at the school, how satisfied are you with these classes on a scale of 0 to 10?	Wenn Sie einmal an alles denken, was mit dem Unterricht an dieser Schule zusammenhängt, wie zufrieden sind Sie damit, auf einer Skala von 0 bis 10?	En pensant à tout ce qui concerne votre formation dans cette école, à quel point en êtes-vous satisfait/e sur une échelle de 0 à 10 ?	Pensando a tutto ciò che riguarda la sua formazione in questa scuola, a che punto ne è soddisfatto/a su una scala da 0 a 10?		
Instruction:	0 means that you are completely dissatisfied, 10 means that you are completely satisfied. You may use the numbers in between to scale your assessment.	Der Wert 0 bedeutet, dass Sie ganz und gar unzufrieden sind, 10 bedeutet, Sie sind ganz und gar zufrieden. Mit den Zahlen dazwischen können Sie Ihre Einschätzung abstufen.	La valeur 0 signifie "complètement insatisfait-e", la valeur 10 "complètement satisfait-e". Vous pouvez nuancer votre réponse à l'aide des valeurs intermédiaires.	Il numero 0 significa "pienamente insoddisfatto/a", il numero 10 "pienamente soddisfatto/a". Con i numeri intermedi può differenziare la sua valutazione.		
Variables:	t3satschool_11, t3satschool_12, t3satschool_21, t3satschool_31, t3satschool_41					
Values: [+]

t3satfirm_* — Satisfaction with education and training at training firm

Variable type:	Survey data				Survey part:	Base (BQ)
Response type:	Ordinal				Survey modes:	CATI, PP
Question type:	Single question				Module:	Training firm (EDFI)
	English	Deutsch	Français	Italiano		
Question:	If you consider all the factors involved in your education and training at this firm, how satisfied are you with it, on a scale from 0 to 10?	Wenn Sie einmal an alles denken, was mit Ihrer Ausbildung im Betrieb zusammenhängt, wie zufrieden sind Sie damit, auf einer Skala von 0 bis 10?	En pensant à tout ce qui concerne votre formation en entreprise, à quel point en êtes-vous satisfait/e, sur une échelle de 0 à 10 ?	Pensando a tutto ciò che riguarda la sua formazione in azienda, a che punto ne è soddisfatto/a, su una scala da 0 a 10?		
Instruction:	0 means that you are completely dissatisfied, 10 means that you are completely satisfied. You may use the numbers in between to scale your assessment.	Der Wert 0 bedeutet, dass Sie ganz und gar unzufrieden sind, 10 bedeutet, Sie sind ganz und gar zufrieden. Mit den Zahlen dazwischen können Sie Ihre Einschätzung abstimmen.	La valeur 0 signifie "complètement insatisfait-e", la valeur 10 "complètement satisfait-e". Vous pouvez nuancer votre réponse à l'aide des valeurs intermédiaires.	Il numero 0 significa "pienamente insoddisfatto/a", il numero 10 "pienamente soddisfatto/a". Con i numeri intermedi può differenziare la sua valutazione.		
Variables:	t3satfirm_11, t3satfirm_12, t3satfirm_13, t3satfirm_14, t3satfirm_21, t3satfirm_22					
Values: +

t3jobh_* — Working hours per week [job]

Variable type:	Survey data			Survey part:	Base (BQ)
Response type:	Numerical			Survey modes:	CATI, PP
Question type:	Single question			Module:	Job (JOB)
Question:	English How many hours per week do you normally work in this position?	Deutsch Wie viele Stunden arbeiten Sie normalerweise pro Woche an dieser Stelle?	Français Combien d'heures par semaine travaillez-vous normalement à ce poste?	Italiano Normalmente, quante ore alla settimana dedica a questo lavoro?	
Instruction:	<i>Ask for AVERAGE if NORMALLY is difficult. For teachers, make a note of the overall time spent teaching, preparing lessons and for correction work. Employees: count paid and unpaid overtime, too. If estimating an average is difficult, then take the average over the last three months.</i>	<i>Nach DURCHSCHNITTLICH fragen, wenn NORMALERWEISE schwierig. Für Lehrer die Zeit für Lehre, Vorbereitung und Korrekturen gesamthaft eingeben. Angestellte: bezahlte und unbezahlte Überstunden mitzählen. Falls "durchschnittlich" Probleme bietet: Durchschnitt der letzten 3 Monate.</i>	<i>Demander EN MOYENNE si NORMALEMENT pose problème. Pour les enseignants indiquer le temps d'enseignement, de préparation et de correction cumulé. Employés : compter les heures supplémentaires payées et non-payées. Si "en moyenne" pose problème : moyenne des trois derniers mois.</i>	<i>Se NORMALMENTE pone problemi, chiedere LA MEDIA. Per gli insegnanti indicare il tempo di insegnamento, di preparazione e di correzione cumulo. Per gli impiegati considerare le ore di straordinario pagate e non pagate. Se la "media" pone problemi, chiedere la media degli ultimi tre mesi.</i>

t3joconh_* — Agreed/contractual working hours per week [job]

Variable type:	Survey data			Survey part:	Base (BQ)
Response type:	Numerical			Survey modes:	CATI
Question type:	Single question			Module:	Job (JOB)
	English	Deutsch	Français	Italiano	
Question:	How many working hours per week does the employment contract stipulate or have you otherwise agreed on with your employer?	Wieviele Arbeitsstunden pro Woche sind vertraglich vorgesehen oder haben Sie mit Ihrem Arbeitgeber vereinbart?	Combien d'heures de travail par semaine votre contrat de travail prévoit-il ou avez-vous convenu avec votre employeur ?	Quante ore di lavoro alla settimana prevede il suo contratto o sono state convenute con il suo datore di lavoro?	
Instruction:	<i>A verbal agreement also counts as an employment contract. If nothing was specified, then select code 'no hours specified / variable'. Working hours per week also for teachers (do not convert other time units, lessons into hours).</i>	<i>Mündliche Abmachung gilt auch als Vertrag. Wenn nichts abgemacht: Code "keine Stunden vereinbart / variabel". Arbeitsstunden pro Woche auch für die Lehrer (keine anderen Zeiteinheiten, Lektionen umrechnen in Stunden).</i>	<i>Un accord oral a aussi valeur de contrat. S'il n'y a pas d'accord : code "Pas convenu de nombre d'heures / variable". Pour les enseignants, donner les heures de travail par semaine (ne pas indiquer d'autre unité de temps; convertir les leçons en heures).</i>	<i>Gli accordi verbali sono considerati contratti. Se non sono stati presi accordi indicare il codice "nessun accordo sul numero d'ore / variabile". Totale delle ore di lavoro alla settimana anche per gli insegnanti (non indicare altre unità di tempo; se necessario, convertire lezioni d'insegnamento in ore).</i>

t3jedevalprep_1 — Usefulness of previous education for job: relevant things learned [job]

Variable type:	Survey data			Survey part:	Base (BQ)
Response type:	Ordinal			Survey modes:	CATI
Question type:	Single question			Module:	Job (JOB)
	English	Deutsch	Français	Italiano	
Question:	Now we would like to know how useful your education and training {efb_data_EFB_CertEduac}, which you completed in {efb_data_EFB_CertYear}, is for this job. Please assess the following statement on a scale from 0 to 10, where 0 means 'does not apply at all' and 10 'fully applies'. My education and training {efb_data_EFB_CertEduac} taught me all the important things I need for my current position.	Jetzt interessiert uns, wie nützlich die Ausbildung {efb_data_EFB_CertEduac}, die Sie im {efb_data_EFB_CertYear} abgeschlossen haben, für diesen Job ist. Inwieweit stimmen Sie der folgenden Aussage zu, auf einer Skala von 0-10, wobei 0 bedeutet"trifft gar nicht zu" und 10 "trifft völlig zu"? <i>"In der Ausbildung {efb_data_EFB_CertEduac} habe ich alles Wichtige gelernt, was meine aktuelle Tätigkeit an dieser Arbeitsstelle verlangt."</i>	Nous aimerions maintenant savoir dans quelle mesure la formation {efb_data_EFB_CertEduac} que vous avez terminée en {efb_data_EFB_CertYear} est utile pour cet emploi. Dans quelle mesure approuvez-vous les affirmations suivantes sur une échelle de 0-10 où 0 signifie "ne correspond pas du tout" et 10 "correspond tout à fait" ? <i>"Dans le cadre de la formation {efb_data_EFB_CertEduac}, j'ai appris tout ce que mon poste actuel exige."</i>	Ora ci piacerebbe sapere in che misura la formazione {efb_data_EFB_CertEduac} che ha concluso in {efb_data_EFB_CertYear} è utile per questo impiego. In che misura si ritrova nelle affermazioni seguenti, in una scala che va da 0 a 10 dove 0 significa "non corrisponde per niente" e 10 "corrisponde pienamente"? <i>"Nel contesto della formazione {efb_data_EFB_CertEduac}, ho imparato tutto ciò che il mio posto attuale esige."</i>

t3pjevalprep_1 — Usefulness of previous education for job: relevant things learned [internship]

Variable type:	Survey data			Survey part:	Base (BQ)
Response type:	Ordinal			Survey modes:	CATI
Question type:	Single question			Module:	Internship (INT)
	English	Deutsch	Français	Italiano	
Question:	Now we would like to know how useful your education and training {efb_data_EFB_CertEduac}, which you completed in {efb_data_EFB_CertYear}, is for this job. Please assess the following statement on a scale from 0 to 10, where 0 means 'does not apply at all' and 10 'fully applies'. 'The education and training programme {efb_data_EFB_CertEduac} taught me all the important things I need for my current position.'	Jetzt interessiert uns, wie nützlich die Ausbildung {efb_data_EFB_CertEduac}, die Sie im {efb_data_EFB_CertYear} abgeschlossen haben, für diesen Job ist. Inwieweit stimmen Sie der folgenden Aussage zu, auf einer Skala von 0-10, wobei 0 bedeutet"trifft gar nicht zu" und 10 "trifft völlig zu"? <i>"In der Ausbildung {efb_data_EFB_CertEduac} habe ich alles Wichtige gelernt, was meine aktuelle Tätigkeit an dieser Arbeitsstelle verlangt."</i>	Nous aimerions maintenant savoir dans quelle mesure la formation {efb_data_EFB_CertEduac} que vous avez terminée en {efb_data_EFB_CertYear} est utile pour cet emploi. Dans quelle mesure approuvez-vous les affirmations suivantes sur une échelle de 0-10 où 0 signifie "ne correspond pas du tout" et 10 "correspond tout à fait" ? <i>"Dans le cadre de la formation {efb_data_EFB_CertEduac}, j'ai appris tout ce que mon poste actuel exige."</i>	Ora ci piacerebbe sapere in che misura la formazione {efb_data_EFB_CertEduac} che ha concluso in {efb_data_EFB_CertYear} è utile per questo impiego. In che misura si ritrova nelle affermazioni seguenti, in una scala che va da 0 a 10 dove 0 significa "non corrisponde per niente" e 10 "corrisponde pienamente"? <i>"Nel contesto della formazione {efb_data_EFB_CertEduac}, ho imparato tutto ciò che il mio posto attuale esige."</i>

Source:	TREE			In dataset:	Wave
Comments:	Attention! In wave T2, these questions were only surveyed for respondents who indicated that they would complete their first upper-secondary education in the following year (see the study design document for more information). The data for these filtered cases are omitted from the corresponding Wave-specific data files and can only be found in the separate files containing Pre-graduation data. In waves T1 and T3 these questions were surveyed on the full field sample. Data from these waves can be found in both the corresponding Wave-specific data files and, for those respondents that happen to be in their penultimate year of education, in the separate Pre-graduation data files. t3moin4 — Household income

Variable type:	Survey data	Survey part:	Complementary (CQ)	
Response type:	Numerical	Survey modes:	Web, PP	
Question type:	Single question	Module:	Personal (PERS)	
	English	Deutsch	Français	Italiano
Question:	What is the total income of the household that you live in per month?	Wie hoch ist das monatliche Gesamteinkommen Ihres Haushalts?	A combien s'élève le revenu mensuel total de votre ménage ?	Qual è il reddito mensile complessivo della sua economia domestica?
Instruction:	<i>Please add together the incomes of all the household members. In doing so, kindly take care not to add up only the income earned in wages but also other sources of income, such as grants and scholarships, unemployment benefits, child support, support from relatives, income on assets, old age and survivors insurance benefits (AHV), disability benefits (IV), or social security benefits, etc. If any of these incomes are not regular payments or you are not quite sure, please give an estimate.</i>	<i>Bitte zählen Sie die Einkünfte aller Haushaltsmitglieder zusammen. Berücksichtigen Sie dabei bitte nicht nur Erwerbseinkommen, sondern auch andere Einkünfte wie z. B. Stipendien, Arbeitslosengeld, Alimente, Zuwendungen von Verwandten, Vermögenserträge, AHV-, IV- oder Sozialhilfebeiträge, etc. Falls die Einkünfte unregelmässig sind oder falls Sie nicht ganz sicher sind, bitte Durchschnitt schätzen.</i>	<i>Veillez faire la somme des revenus de tous les membres du ménage. Veuillez tenir compte, en plus des salaires, de tous les revenus tels que bourses, allocations de chômage, pensions alimentaires, contributions de parents, gains sur la fortune, rentes AVS, AI, etc. Si les revenus sont irréguliers ou si vous n'êtes pas sûr-e, veuillez estimer une moyenne.</i>	<i>Consideri i redditi di tutte le persone che fanno parte della sua economia domestica. Consideri non solo i salari, ma anche altre entrate quali borse di studio, indennità di disoccupazione, eventuali alimenti, aiuti finanziari di parenti, redditi patrimoniali, rendite AVS, AI o prestazioni dell'assistenza sociale, ecc. Se le sue entrate sono irregolari o se non è sicuro, indichi una stima dell'entrata media.</i>

Comments:	Note that chcare*-items were not administered in Wave 3 for most of the cases with a child (childyes=1) and are therefore missing for most cases in Wave 3.			In wave:	3

t3chcarereqn — Need (additional) external childcare

Variable type:	Survey data			Survey part:	Base (BQ)
Response type:	Numerical			Survey modes:	CATI
Question type:	Single question			Module:	General (GEN)
Question:	English For how many days in the week on average would you need additional external care for your child(ren)?	Deutsch So im Durchschnitt gesehen: An wievielen Tagen in der Woche bräuchten Sie denn zusätzliche Fremdbetreuung?	Français En moyenne : combien de jours par semaine auriez-vous besoin d'une prise en charge externe supplémentaire ?	Italiano In media, per quanti giorni alla settimana le servirebbe una soluzione di presa a carico esterna supplementare?	
Instruction:	> State the number of days, rounded up to half-days, e.g., 0 days, 1.5 days (minimum: 0 days; maximum: 7 days) > If you already have external day care for your child(ren), please specify the additional need	> Angabe in Tagen, auf halbe Tage genau - z. B. 0 Tage, 1.5 Tage (Minimum: 0 Tage, Maximum: 7 Tage) > Falls schon fremdbetreut: zusätzlich zu denjenigen, die Sie schon angegeben haben	> Indication en jours, à la demi-journée près - p.ex. : 0 jours, 1.5 jours (minimum: 0 jours, maximum: 7 jours) > Si les enfants sont déjà confiés à une prise en charge externe : combien de jours en plus de ceux que vous avez déjà indiqués	> Indicare il numero di giorni e mezze giornate - ad es. : 0 giorni, 1.5 giorni (minimo: 0 giorni, massimo: 7 giorni) > Se c'è già una soluzione di presa a carico esterna: quanti giorni supplementari oltre a quelli già indicati	
Variable:	t3chcarereqn
